Dear Matt:

Just wanted to let you know how much both Terry and I appreciated your assistance in helping us obtain a business. Your patience over the past few months and persistence in providing information, counseling, and pep talks through all of the research and due diligence efforts paid off as we now have acquired a great business!

Your professionalism, terrific sense of humor, and sound business judgment were key components to simplifying the process and driving to successful completion.

We were truly impressed with your insight in determining the type and size of business that would be perfect for us. We are aware and appreciative of the significant effort and time commitment that you put into this endeavor. It is clear that you are a topnotch business advisor and deserve the awards displayed in your office.

Looking forward to our next business adventure with you and Sunbelt!

Sincerely,

  
  
Dennis & Terry Hazel
