
Matt Schroder
Sunbelt Business Brokers
3212 Rice St.
St. Paul, MN 55126

Dear Matt,

I am writing to thank you, and the whole Sunbelt team for your help in the sale of my manufacturing business and real estate.

I have owned Astro Manufacturing and Engineering with my partner Jim for over 20 years. We grew the business into one of the top shops in the twin cities and when we were ready to sell we know we were going to need professional help. We contacted Mr. Schroder at Sunbelt Business Brokers and in the matter of 90 days not only sold our business but also closed the transaction.

First, let me say that Sunbelt had not only a confidential marketing plan for finding multiple buyers but a system for qualifying those buyers so I only had to spend time on buyers who were motivated and financially qualified.

Sunbelt also educated me on what to expect from the process, helped me value the business and set up terms that were good for me and attractive to buyers.

Most importantly Sunbelt secured my asking price and found a buyer that I truly like and feel comfortable handing over my business and employees to.

I would gladly recommend Sunbelt and Matt Schroder to any business owner looking for a professional business broker to help them in valuing and selling their business.

Thanks for all your hard work.

Sincerely,

Larry Gilbert
Former Owner – Astro Manufacturing & Engineering
