Dear Richard and Rick,

We just want to thank you both for the wonderful service in the selling of our body shop. Your expert advice helped us along the way in securing our business. Richard, you were always there to answer any and all of our questions, with a very quick response time. Your knowledge of every aspect helped us understand all that we were trying to accomplish. You put our minds at ease when we needed it most. We could not have done this without both of you. We would surely recommend your firm to anyone who might need you.

*We can't thank you enough,*
