Dear Rich,

We wanted to extend our thanks for your assistance in helping us sell our home health care business, Seniors Caring Companions, Inc.

After running and owning the business for 9 years, it was time for both of us sell the company and to find a buyer who shared our vision of helping people. We also wanted to transition out of ownership so that the business could grow to another level.

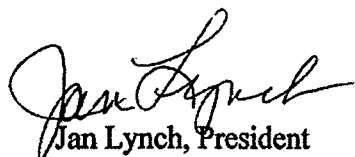

Rich educated us on the previous sales he had in the home health industry and helped us arrive at an asking price that we went to market with.

Within one month we had several meetings with good buyers, received 2 strong offers, and sold our business for the listed price a short time later. Rich coordinated all buyer information needed for review and supported us with our concerns and questions. He also arranged a successful closing.

We would highly recommend Rich Kelm of Sunbelt Business Brokers for selling a business. Sunbelt's confidential process and Rich's knowledge of the sale helped us to achieve a quick sale at the price we wanted.

THANK YOU AGAIN!

Sincerely,

Jan Lynch, President
